

CT32-RT Series

Battery Powered Cord
Take-Up Motor with
Built-in Radio Receiver

Cellular and Pleated Shades can Really Motor on Battery Power

A new addition to Somfy's battery powered motor line, the CT32-RT motor is uniquely designed to automate pleated and cellular shades. Featuring built-in Radio Technology Somfy™ (RTS), the CT32-RT motor eliminates the need for unsightly receivers making installations clean and effortless!

Automated shades are the perfect solution for hard to reach windows above a bathtub, behind furniture or in a two-story foyer. At the simple press of a button, a Telis transmitter, Decora wireless wall switch or Chronis timer will raise and lower the shade or adjust to a favorite position.

It's so simple...It's Somfy!

somfy.

The CT32-RT Series motors are creatively designed to automate various types of pleated and cellular shades at the simple touch of a button.

System Facts

- Home Automation Integration:**
 Built-in Radio Technology Somfy™ (RTS) allows for simple integration with 3rd party home automation systems using Somfy's MultiLink™ controls.
- Plug and Play:**
 Optional plug-in transformer is a smart option when batteries are not required for aesthetic appeal.
- Radio Technology Somfy™ (RTS) Compatible:**
 Control individual window coverings or individual groups of window coverings with Somfy's full range of RTS accessories.
- High Quality:** Backed by Somfy's full five year warranty.
- Innovative Design:** Patented power saving technology maximizes performance.
- Advanced Electronic Limit Stops:**
 Allows for programming a favorite or preferred intermediate position.
- Concealed System:** Motor hidden inside headrail with battery wand wall mounted or attached to back of headrail.
- Easy Installation:** Installs with standard manufacturer hardware.

Weight and Size Standards

Maximum Suspended Weight: Up to 15 lbs.

Maximum Shade Size: 120" x 120"

* Based on 3/8 double cell room darkening fabric utilizing RollEase® spears/traversing shaft cord lift system.

Plug-In transformer recommended for shades > 60" x 60"

Product	Size Limits	Tandem Battery Wand Required At...
CrystalPleat	90 Square Feet	25 Square Feet
EvenPleat & FashionPleat	120 Square Feet	40 Square Feet
Galaxy Style Hi-Tech Shade	45 Square Feet	30 Square Feet
Waterfall Style Hi-Tech Shade	30 Square Feet	20 Square Feet
Mirage Style Hi-Tech Shade	40 Square Feet	26 Square Feet
Variett Style Hi-Tech Shade	40 Square Feet	26 Square Feet
Orient Expressions Woven Wood Shades	35 SF, Unlined 30 SF, Lined	15 Square Feet

Pricing:

Price the product of your choice from its regular price list and add the continuous loop charge for CrystalPleat, EvenPleat or FashionPleat. If pricing Hi-Tech Roman Shades, price from its regular price list and add the Easy-up headrail charge. Take the regular product discount and save this, your net price.

Price the motor and accessories, then take the motor discount off these prices and save that net price.

Add both net prices to get your total cost.
